BIG AUTO PARADE TO LUM PARK DRAFT LOTTERY SYSTEM GIVEN

BAND CONCERT GIVEN, HUNDREDS AT DANCE

Project to Boost Improving Ash Ave.
Given a Great Impetus by the
Big Showing Wednesday

Northeast Brainerd Improvement League Hosts
at the Dance, Everybody Happy
Over Success

Headed by the Brainerd City band in six cars with Joe Midgley driving the pilot car, two miles of automobiles paraded about the city and then steamed to Lum park and filled that amusement center to the guards, listened to the splendid concert of the Brainerd City band and then attended the dance given under the auspices of the Northeast Brainerd Improvement League, 200 couples being on the floor at one time. The proceeds realized will go towards improving Ash avenue.

Fatty Wood sang and the band played the accompaniment. The parade led from the Ransford hotel east to Ninth, south to Maple, west on Maple to Sixth, north on Sixth to Laurel, west on Laurel to Fifth, north to Front. At the hotel and bank corner the band played a selection. The parade then moved to the park. With hundreds of cars in line, not a single accident was reported.

The Improvement League was all smiles, the Brainerd Automobile club made a brave showing and cars from the many summer resorts about Brainerd were also in line. It was the greatest showing of automobiles ever made in the history of Brainerd.

The movement is gaining to have a cement bridge put in on Whiteley creek with railings and a place for foot passengers, making it a permanent memorial of the Improvement club.

Ash avenue improvement got its first start through the cooperation of town, automobile club and county.

Sinking Ships Faster than Can Rebuild Them

Washington, July 19.—America and the allies must make a tremendous sea and air offensive if they would check the U-boat menace the naval authorities warn, and they predict that Germany will be victorious if the anti-submarine work continues as at present as they are sinking ships faster than they can be rebuilt.

Allies Invite United States to Conference

Washington, July 19.—The allies have invited the United States to join in the coming inter-allied conference at Paris but America will not send representatives as our interests are not touched.

CHANGING JOBS PAYS WELL

Elevator Operator Admits Cleaning Up \$50,000.

Chicago, July 19.—Edward W. Miller, negro elevator operator, changed jobs every Sunday, but before leaving always managed to get away with a few diamonds from apartment dwellers, according to the police.

They say he has confessed to stealing over \$50,000 worth of jewelry during the last two months.

Berlin Coal Baron Dies.

Amsterdam, July 19.—A Berlin dispatch reports the death there of Fritz von Friedlaender-Fuld, widely known coal magnate.

TO REORGANIZE ATLANTIC FLEET

Force Expands to Almost Twice
Its Normal Size.

ADDS NEW VICE ADMIRAL

Albert W. Grant, at Present Commanding the Submarine Force, Has Been Appointed to the Place by President Wilson—Admiral Mayo Will Remain in General Command.

Washington, July 19.—Reorganization of the Atlantic fleet has been ordered by Secretary Daniels to meet new problems resulting from expansion of the force to almost twice its normal size for war service.

Details are withheld for military reasons, but the secretary announced the reorganization plan involves the addition of another vice admiral to the fleet and that Rear Admiral Albert W. Grant, now commanding the submarine force, has been appointed to take the place by President Wilson.

Admiral Mayo, the secretary said, will remain in general command, with the immediate authority under him divided between Vice Admiral Coffman, at present second in command, and Vice Admiral Grant.

The former is to have direct command of a division containing most of the superdreadnoughts and designated as "Force No. 2," while Vice Admiral Grant will command the remainder of the fleet, under the designation of "Force No. 1."

It is understood the reorganization will not affect the division of the fleet now in European waters under Vice Admiral Sims.

Vice Admiral Grant's appointment leaves no vacancies in that rank and if additional vice admirals are needed a further authorization will have to be sought of congress. Vice Admiral Grant will be succeeded as commander of the submarine force by Captain S. S. Robinson, now commanding the battleship South Carolina.

TOTAL FATALITIES SEVEN

Eighth Man Injured in Explosion Is Expected to Die.

Bozeman, Mont., July 19.—The explosion of 1,925 pounds of powder at the cement works at Trident, Mont., resulted in four more deaths from injuries, making the total fatalities seven and leaving only one of the injured men alive. He is not expected to survive.

The men were pouring powder into sacks from kegs, preparatory to placing them in a "cayote hole" for a blast when the tragedy occurred. The bodies of the men were burned so that most of them were unrecognizable.

The Derrick.

A derrick is an innocent mechanical apparatus for lifting heavy weights, but it gets its name from an English hangman called Derrick, who flourished many years ago. The people of that time thought that the device used only in the hangman's trade resembled the more common mechanism which now bears his surname.

DR PAUL RITTER.

Swiss Minister to U. S.
Who Leaves Here Aug. 2.

Dr. Ritter, whose alleged pro-German sympathies are responsible for his transfer to The Hague, will leave Washington Aug. 2 and is ordered to report at Berne before going to his new post.

Officers Say Disease Chiefly Tuberculosis

(By United Press)

Ft. Snelling, July 19.—The officers say that the disease that chiefly menaces the troops is tuberculosis under the existing housing and conditions of three infantry regiments.

Russian Troops Capture Novicia

(By United Press)

Petrograd, July 19.—Russian troops capture Novicia but withdrew to the end of the village due to heavy losses.

Revolt Halted

(By United Press)

Petrograd, July 19.—The government has quelled a three days riot.

(By United Press)

Washington, D. C., July 19.—The war department announces that the system of draft lottery for the entire registration rolls has been drafted and that the order of examination will be determined at this drawing.

It will consume about an hour. Only 1,000 numbers will be drawn and ten others to fix the order of the thousands.

One thousand capsules will be placed in one bowl and the capsules numbered from zero to nine in another bowl. Numbers zero to nine inclusive will be one drawing and the next drawing of one to one thousand and numbers will determine the order inside the thousand groups.

For example, if the drawing of the thousand group results thus: 8, 5, 0, 2, 4, 3, 1, etc., that determines the order of groups of thousands.

Then, if drawing from 1 to 1,000 globe starts this way, 878, 34, 580, 1, etc., through the thousand numbers, the first number on the master list would be 8,878, the next number 8,034, etc. Then number five picked up and applied to this list in the same way would give 5,878, 5,034, etc.

In districts with small registration, numbers larger than its highest, would be simply ignored.

Draft will Occur at 9:30 O'Clock Friday Forenoon

(By United Press)

Washington, July 19.—The draft drawing will take place in room 226 senate building at 9:30 a. m. tomorrow.

Wilsons Pardons the 16 Militants

(By United Press)

Washington, July 19.—President Wilson pardoned the 16 militants who were sent to the workhouse for 60 days on charge of blocking the sidewalks.

ALBERT W. GRANT.

Made Vice Admiral in Reorganizing Atlantic Fleet.

Drawing Friday Says Crowder

(By United Press)

Washington, July 19.—With only New York and Pennsylvania unheard from Crowder declares, "I am confident the drawing will be held tomorrow, the exact time yet to be determined."

Draft Drawing is Expected Tomorrow is Nearly Ready

(By United Press)

Washington, July 19.—It is expected the draft drawing will take place tomorrow, Friday, only a few states now being unreported.

Senate Impatient at Shipping Row

(By United Press)

Washington, July 19.—The senate is impatient at the shipping mixup and has adopted a resolution demanding full information on the Goethals-Denman row.

Cabinet Considers Taking Government to City of Moscow

(By United Press)

Petrograd, July 19.—The cabinet is considering taking the seat of government to Moscow where the outbreaks of the malcontents due to German agents and the disturbing elements are believed to be less likely to interfere.

Confess Murder

(By United Press)

Johnstown, Pa., July 19.—George Tompkins has confessed to the murder of Edmund Humphreys, Mrs. Humphreys and their son at Carleton.

To Demand Time

(By United Press)

Berlin, July 19.—Chancellor Michaelis is expected to demand time for the settlement of the issues of parliamentarization and peace in his address to the reichstag.

The Brainerd Auxiliary of the Minnesota Commission of Public Safety and the National Council of Defense (which is the U. S. government organization that is to superintend the civilian activities of the country) organized at the Chamber of Commerce yesterday afternoon and elected the following officers:

Chairman—Mrs. R. B. Withington.
Vice Chairman—Mrs. F. A. Farrar.
Secretary—Mrs. F. H. Simpson

It is the aim and duty of this local auxiliary to get the co-operation of every woman in the city to work for the purposes that the government deems most important and in a way that the government experts deem most effective. The work will be divided among certain committees, namely: Conservation and Thrift; protection of women workers; conservation of child life; education in patriotism; Americanization (we aim to make every foreign home an American home); training of women in new industries; activities surrounding camps; Red Cross; home relief for the families of soldiers; registration, and the press.

Mrs. Withington will announce the names of two committees within the next few days. One to ascertain whether the people of Brainerd wish to purchase a steam pressure canner, with output of 2,000 cans per day, and another committee to look after the comforts of the soldiers stationed in our city.

Further announcements as to the work of this commission will be made from time to time.

Humbolt Farm Sold

St. Paul, July 19.—Humbolt farm of 26,000 acres belonging to the Hill estate has been sold to the Omaha Land Colonization company.

TWO MEN ARE SHOT IN \$20 WAGE FIGHT

Detroit, July 19.—Because he was unable to collect \$20 wages Albert Cante, aged twenty-four, killed his employer, mortally shot an onlooker and then barricaded himself beneath a house and for half an hour defied two scores of police and a mob that threatened to lynch him.

His employer, Harry Sgarlata, died in the receiving hospital.

"Yes, I shot him because he owed me \$20 and wouldn't pay it," said Cante. "I shot the other man because he was chasing me. I wanted to get away if I could and he was catching up to me."

His second victim, Herman Mertens, is in the hospital and cannot live.

When Sgarlata and Cante met, Cante drew a pistol and fired three shots into Sgarlata. He left the victim huddled on the sidewalk and ran. He turned and fired at Herman Mertens, aged fifty-three, who crumpled in a heap with two bullet wounds in his lungs. Then Cante crept under a house.

Automobiles filled with police surrounded him. Crowds heard Cante dare them to come after him.

A bulldog was sent in after the fugitive. Cante riddled it with bullets. He came out of his own accord later when he heard the detectives propose chopping an opening in the rear porch.

Fourteen Inch Guns of the Oklahoma and Target They Smashed

The fourteen-inch rifles of the Oklahoma, one of the greatest battle-ships of any navy, are here shown as they fired in target practice recently and tore to bits the object they aimed at. The upper picture shows what was left of the target after the great guns had fired on it.

These rifles are believed to be more powerful than any thing of any battleship with the exception of those of the Warspite and four other new ships of the British navy. At the beginning of the war the heaviest guns in the German navy were of twelve inches, and if any larger have been added since they have not been seen outside the Kiel Canal.

Bid for Peace in Reichstag Today by New Chancellor

(By United Press)

London, July 19.—Chancellor Michaelis is expected to bid for German peace in the reichstag this afternoon, the Swiss reports indicate, and declare the peace formula of the chancellor would conform strictly to instruction of the German headquarters and will be based on the military situation which is now regarded as favorable to Germany.

one of the big men of the Modern
Woodmen of America, was at Pell-
can lake for a few days' outing, re-
turning home today.

Mrs. J. W. Bush of this city and
niece, Miss Anna Backer of Minne-
apolis, went to Ten Mile Lake to en-
joy an outing. Mrs. Bush says the
perch are biting fine.

Alfred Peterson returned last
night from Rochester where he ac-
companied his daughter Miss Elsa,
who is undergoing treatment at the
Mayo Brothers hospital for a dis-
abled arm.

Mr. and Mrs. James Brady and
daughter, Miss Norma Brady, and
Mr. and Mrs. H. H. Day of Chicago,
spent a few days at the Brady cot-
tage at Lake Hattie, motoring to
Brainerd today.

Mrs. Joseph Weitzel enjoyed a fine
automobile trip to Green Prairie and
Little Falls as the guest of Mr. and
Mrs. Wm. Spencer. The car was
driven so that not a jar was experi-
enced and Mrs. Weitzel enjoyed to
the utmost the fine scenery.

Mr. and Mrs. Clarke Henry are the
parents of a pretty baby girl, the
first child in the family. The moth-
er and baby are at the Northern Pa-
cific hospital and are doing well. Pat
O'Brien, grandfather, is all smiles
and wears his honors as a grand-
father with becoming modesty.

Why worry about high fuel cost or
coal shortage when you can secure
a fine supply for several years abso-
lutely free by paying \$10 cash and
\$5 a month on a large liberty lot
with large, tall trees to burn. Tim-
bered lots same price as cleared. With
two lots you not only have plenty of
fuel but a little farm as well. Only
few such lots left—five sold this
week. Nettleton. 11

Mrs. W. R. McChesney and daugh-
ter June, of Williston, N. D., are
visitors at the summer home of Mr.
and Mrs. Sam Parker at Merrifield,
the two ladies being sisters. Mr.
McChesney will arrive on Saturday
for a stay of some days. Mr. Mc-
Chesney was a former Brainerd man
and is now master mechanic for the
Great Northern at the above point.

A position he has held for some years.
The Dispatch last night carried
over a column of want ads. There
were 10 help wanted, 9 for rent, 17
for sale and 6 miscellaneous wants.
Telephone Northwest 74 Dispatch
mail your want or leave it at the
office. It will receive prompt at-
tention and will, soon proclaim your
wants to the community. And the
cost is very reasonable too, cent a
word the first time, half a cent a
word for each insertion thereafter,
but no ad will be taken for less than
15 cents.

Tuesday, July 24, will be clear-
day in town. Are you, Mr. Mer-
chant, aware of the country people
who will come to town and are you
doing anything in the way of at-
tracting that valuable trade to your
store? Getting people to come to
town is the first effort of every Brain-
erd citizen. Getting people to buy
is your duty, Mr. Merchant, and the
Dispatch in daily and weekly editions
offers you unlimited opportunity to
reach the people who will be in
Brainerd July 31. The circus site
will be near the gas plant, right in
Brainerd.

A Terror to Orators.

A speaker in the house of commons
has to address "the most chilling,
nerve destroying audience in the
world." Even such a cool headed, sea-
soned orator as John Bright once said,
toward the end of his career, too, "I
never rise in the house without a trem-
bling at the knees and a secret wish
that somebody else would catch the
speaker's eye and enable me to sit
down again." And Disraeli, who
boasted that he had no nerves, de-
clared: "The blare of trumpets, a thou-
sand lookers on, have induced men to
lead a forlorn hope. Ambition and
one's constituents have induced me to
do a far more desperate thing—
speak in the house of commons."

"One should always breathe through
the nose when asleep," says a physi-
cian. If you awake and find your
mouth open get up and shut it.—New
York Globe.

"The Decorah," 11th and Hennepin,
solicits your patronage when in Minne-
apolis. Absolutely first-class in all its
appointments. A quiet, refined hotel for
your mother, wife, sister or daughter.
Moderate rates. Take any Hennepin
ave. car.

**BEEFLESS DAYS
FOR N. Y. HOTELS**

"War Bread" to Be Served;
Less Butter and Fats Used.

PORK WILL BE CURTAILED

Most Breakfast Rolls Will Be Baked of
Other Than Wheat Flour—Toast as a
Garnish to Meat Dishes Is to Be
Eliminated—No Cheese For Free
Lunch Counters.

Suggestions for one beefless day each
week, with the serving of "war bread"
at every meal and a radical curtailment
in the use of pork products and
all butter and fats, have been made to
Herbert C. Hoover, prospective national
food administrator, by the New
York City Hotel association. If the
plan is approved by Mr. Hoover—and
it was devised along lines suggested
by him in his food conservation an-
nouncements—patrons of New York
hotels will probably have their first
beefless day in the near future. At
the same time menu cards will con-
tain announcement of the inauguration
of one day each week on which no
beef will be served and of curtailment
in the service of other products in
which conservation of existing supplies
is necessary.

The scheme was presented to Mr.
Hoover by Thomas D. Green, president
of the Hotel association, and
John McE Bowman, in co-operation
with Patrick V. Kyne, James Churchill
and H. E. Taylor, representing the
Society of Restaurateurs. The Hotel
association represents 105 hotels,
which serve about 200,000 meals each
day, and the Society of Restaurateurs
includes in its membership all of the
big restaurants of Broadway and
many of the smaller ones in other
parts of the city.

Tentative regulations governing the
plan have been arranged and probably
will be made permanent. They are:
First.—Individual service of bread
and butter of uniform weight, the rolls
to weigh from one to one and one-
fourth ounces.

Second.—At least 10 per cent of other
flour to be used in making wheat bread
and rolls.

Third.—Most breakfast rolls will be
baked of other than wheat flour.

Fourth.—State bread and toast trim-
mings are to be made into "war bread"
for guests and employees.

Fifth.—Elimination of rough bread,
which requires more butter than
smooth bread.

Sixth.—Elimination of toast as a gar-
nish to meat dishes.

Seventh.—Discourage the use of fresh
pork.

Eighth.—Broiling, roasting, braising
and stewing is to be encouraged and
frying discouraged to conserve butter
and lard.

Ninth.—Service of veal, lamb and
suckling pig to be discouraged.

Tenth.—Beef to be eliminated one
day each week other than Friday.

Eleventh.—Cheese is to be removed
from free lunch counters.

Twelfth.—The use of sea food, fresh
vegetables and fruits is to be encour-
aged.

The "war bread" which is to be
baked in the hotels is based on a sim-
ple recipe and can be made by any
housewife. It is: On the basis of a
butter tub of stale bread, crusts, etc.,
add ten quarts of water and ten ounces
of salt; soak thoroughly and strain
through a flour sieve. For this quantity
use one-half pound of yeast and
enough flour to make a very stiff
dough.

Custom is a poor excuse for making
the same error twice.

There were only 354 days in the year
1752. Change of calendar.

DRAFT BUSIES PRINTERS.

Government Workers Kept Busy by
Rush Jobs.

The draft has burdened the govern-
ment printing office with the biggest
task it has ever undertaken.

Here are some of the printing jobs
it has been working on:
Thirty million blanks, affidavits and
forms for use of the local exemption
boards.

Five hundred thousand copies of the
exemption regulations of about 100
pages each.

For the registration the printing of
five turned out 27,000,000 registration
cards and 18,925,000 certificates.

Nearly 175 different blank forms are
needed for the draft.

Over twenty-one tons of mail matter
concerning the draft has been mailed
out of the offices.

AMERICANS ABROAD RESPOND

Marine Corps Gets Applications From
104 In Every Part of Globe.

A remarkable instance of the patriot-
ism of Americans abroad was shown
during the past month by the applica-
tion for enlistment in the United
States marine corps of 104 Americans
living in all parts of the world. It was
announced at marine corps headquar-
ters.

Letters were received from twenty-
six foreign countries offering service
to the "soldiers of the sea." Every
continent on the face of the globe was
represented—New Zealand, China, Ja-
pan, Egypt, five each of South and
Central American countries, four West
Indian islands, several British colonies
and others.

He Knew Too Much.

A curious Malayan legend says that
in olden times the waters surrounding
Singapore were so infested with sword-
fish as to make it impossible for the
fishermen to pursue their daily task. A
boy advised the rajah to let down into
the water freshly peeled stems of the
banana plant, and, this being done, the
fish imbedded their swords in the
stems and were easily killed. The boy
genius was considered a danger to the
throne, and he was executed lest he
grow up and become a conspirator.

The Greek kilted troops, the Euzones,
bear a variant of the old name which
was given to troops in the days of
ancient Greece. Euzones, meaning well
dressed.

PRINTERS' INK

Has done more towards nursing a sick or stagnant busi-
ness than any known remedy. To get the desired results
one should learn the real value of this great commodity
and its relative merits when employed in the right way.

Yes, it's a BOOK—and
one well worth reading.

A Fine Sense of Humor.

The Russian emperor Ivan IV, once
ordered one of his high court officials
to procure for him a measure full of
deas, and when the poor man failed
through the friskiness of the insects in
jumping out of the measure the em-
peror had his head cut off and inflicted
a fine of 7,000 rubles on the city of
Moscow for its share in the failure.

On other occasions he would wander
away into the country with some boon
companions and a few caged bears and
when he came to a peaceful village
would let slip the bears and shriek with
laughter as the villagers rushed for
safety or fell victims to the hungry
animals.

Fliers or Grounders.

"You're foolish to marry a woman
who has money. She will always be
throwing it up to you."

"I don't care in what direction she
throws it so long as I get it."—Boston

WOMAN'S REALM

WHO IS PICKETING AT WASHINGTON, D. C.

Mrs. Andreas Ueland, President Minnesota Women Suffrage Association, in Statement

WORK OF OTHER SUFFRAGISTS

Woman Suffrage Association Pledged to Policy of Aid and Cooperation in Nation's Struggle

Owing to the misconception as to the attitude of suffragists generally, which has arisen as a direct result of the recent demonstration of the Woman's Party, pickets in front of the White House at Washington, D. C., Mrs. Andreas Ueland has issued the following statement of the standing of the National American Woman Suffrage association and the Minnesota Woman Suffrage association in regard to the matter.

The statement was read and approved before a body of state suffragists assembled in conference in Minneapolis, June 27th, and is subscribed to by a majority of the board of the Minnesota organization.

"A conference of the Minnesota Woman Suffrage Association, a branch of the National American Woman Suffrage Association, of which Mrs. Carrie Chapman Catt is president, wishes to give further publicity to the fact that the picketing in Washington is the work of another and different organization and that this demonstration has not at any time been endorsed or approved by the state or national suffrage association.

"The Woman Suffrage Association nationally and by states is pledged to a policy of aid and co-operation in this time of the nation's stress, and regrets that a body of suffragists should employ a policy tending to embarrass and discredit our government in the present difficult situation.

"We believe that the enfranchisement of women should be brought about by orderly and constructive methods and we are united in the endeavor to bring about, by such methods, the early political liberation of the women of America."

(Signed) CLARA UELAND,
President, Minnesota
Woman Suffrage Assn.

For Mr. and Mrs. Johnson

A pleasant surprise party was given Mr. and Mrs. Andrew Johnson at their farm home near town on Wednesday evening. Mr. Johnson is the superintendent of the Brainerd-Cuyuna mine in Brainerd city limits and the guests included many of the miners and their families and others numbering over fifty. There was music and other amusements, concluding with a luncheon.

Luncheon With Ice Cream

Luncheon with ice cream will be served by the Ladies' Aid society of the Norwegian Lutheran church, South Seventh street, Saturday, July 21, in the church parlors. The hours are from 5 P. M. on.

Twilight Workers

The Twilight Workers will meet at the home of Miss Bertha Olson, 113 Third avenue Northeast, on Friday evening. A large attendance is expected.

"Land of Long Shadows" at the Best

Up in the land where the sun hangs low and the hungry wolves' long shadows play ominously over the everlasting snow, Joe Mauchin first meets Jeanne Verette. He is a trapper, come down to the little post of Mead's Pocket—a mining town which would have shamed hell with its viciousness—for supplies; she, the daughter of a saloonkeeper who compels her to "drum up trade" among his maudlin patrons. Joe falls in love with Jeanne. A brute of a man seeks to interfere and in the resultant struggle falls dead. Joe and Jeanne flee that night to his camp miles away and a year's happiness follows. Then the trapper finds Constable McKenzie of the Mounted Police half dead in the snow. Joe revives the officer and carries him to his cabin. Straightway McKenzie arrests the trapper for the death. A desperate fight ensues between the two and the constable overpowered, flees for aid. He is last seen in the woods staggering from the effects of a wound and with a pack of wolves slowly drawing in on him. Joe, in the cabin, draws to his arms Jeanne, who is shyly clutching a newly made bit of baby clothes. It is that for which Joe had fought. At the Best theatre tomorrow.

Nursing Sickly Plants.

Sickly plants, like sickly people, cannot stand extremes. Sickly pot plants may often be more quickly brought back to health by watering with very warm water only. Low vitality will not be raised through the use of chilly water or less than 110 degrees of temperature.

Answering With Another Question.
"What's become of the old fashioned servant girl who used to entertain her beau in the kitchen?"
"Shucks! What's become of the old fashioned kitchen that used to be big enough for a girl to entertain company in?"—Detroit Free Press.

SOCIALIST DELEGATES BOLT

Desert Minnesota Federation of Labor Convention.

Faribault, Minn., July 19.—The Minnesota Federation of Labor annual convention here went out in a blaze of wrath with the body divided and the bolting members talking of joining the Nonpartisan league or the I. W. W. organization.

The patriotic resolution passed by the convention after a heated debate was the direct cause of the split.

Finding another hall the Socialistic delegates held a rump convention, about which they refused to talk, further than to say that they would report their actions to their locals and ask for instructions.

Following the split in the convention the regulars re-elected President E. G. Hall of Minneapolis and Secretary Lawson of St. Paul by acclamation. Virginia, Minn., was voted as the next meeting place over Minneapolis.

No Hope.
"The meek shall inherit the earth," quoted the sage.
"Well," replied the fool, "if that is true I know a lot of people who will never be landlords."—Cincinnati Enquirer.

SHARPS AND FLATS

(BY FIDD)

John Goedderz will again resume his playing with the Symphony next fall.

Cecil Morrison, after a three weeks vacation, has resumed her study of the violin.

The much talked about concert harp is on its way, and is expected this week.

Irene Quinn has returned from her vacation in the Dakotas and will resume her musical studies.

Tommy Woods and the Blue Ribbon orchestra appear at Totten's roof garden in Randall tonight.

The concert and dance at Lum park was a success. There wasn't a dry eye in the ointment from first to last.

Are we always genial, always approachable, always willing. As musicians and men do we play well our part in the great drama of life?

Duncan Inglesome, the famous Scottish singer, is visiting friends in the city. Get a job in Brainerd "Scottie," for we hate to see you go.

Along with "In the Shade of the Old Apple Tree" and "Good Old Summer Time," "Coaling Up in Colon Town" is enjoying a well earned rest.

An eight-year-old son of Dr. Jergens of Little Falls, will soon start the study of the violin. The doctor is an amateur violinist of no mean ability himself.

Alfred Harris, whom we all remember as the first pianist of the Columbia theatre, and a most excellent musician, is now at the Princess in St. Paul.

Wm. McPhail, Minnesota's foremost teacher of the violin, gave a recital at a formal opening of his great new conservatory in the Barnum building, Minneapolis.

Kathleen Gemmell who is spending the summer at Lake Rupert, comes in every week for her violin lessons. Music and pleasure go hand in hand.

"Phonographs are being used in factories to speed up the workers, and their minds and bodies are less tired than when working more slowly without music. It is drudgery that tires."

Edwin Lee will fill the chair of Concertmaster next fall with the Brainerd Symphony. He will also be Mr. Bergh's secretary and first assistant from Sept. 1st until June of next year.

Edwin Harris Bergh will spend the week end with Dr. Kelley of Aitkin at their summer cottage. Helen Kelley, one of Mr. Bergh's most talented pupils, will in turn try to teach him how to fish.

"It is gradually being realized that music is as great a force and is as much needed at home as at the front. England in her great need for money, to finance the greatest armament the world ever raised, decided to tax musical instruments. The men who are governing England soon saw their mistake. The tax on music was repealed."

Too little importance is attached to music. A little thought however will soon give this more than necessary element of life its proper place in the realm of the sciences. Long before the primitive man had given a thought to law and order he had begun to perfect music which is responsible for music's superiority over many of the so-called arts.

About Aug. 18th Edwin Harris Bergh presents his talented pupil, Georgia Drexler, in recital at the M. E. church. Miss Effie Drexler will act as accompanist. The program will be a strictly classical one and will set a standard of excellence never surpassed locally by a violinist of her years. Mr. Bergh says her tone is of the mature artist and will surprise a great many people.

"The patriotic gentlemen who want you to suspend your price list and discipline are asking such sacrifices on patriotic grounds. Investigation will invariably develop purely selfish motives. They want cheap music, or music free—gratis—and if you refuse to let them have it, they at once

hurl the accusation of lack of patriotism at you. There are plenty of such fellows in every community just now. Stand firm for your rights and do not permit these patriots to hoodwink you."

BASKET SOCIAL FRIDAY

Will be Given by Young Peoples Society of Bethany Church at Gilbert Lake

The Young Peoples society of the Swedish Bethany church will hold a basket social on Friday evening, July 20, at the Gilbert lake pavilion. The following program will be given:

Song Assembly
Scripture reading and prayer
Vocal duet
Henrietta Otterson, Hazel Squires
Reading Ethel Fredstrom
Vocal solo John Bye
Piano solo Isabelle Worden
Reading Lillian Dahl
Vocal solo Ruth Anderson
Song Assembly
Baskets will then be sold and coffee served free. We invite one and all to come.

Chrisman-Tollefson

The wedding of Henry Tollefson and Lillian M. Chrisman was celebrated Wednesday evening at the home of the bride's mother at Round Lake, Rev. M. L. Hostager officiating. The ring service of the English Lutheran church was used. Little Bernette Chrisman carried the ring.

The bride was most becomingly attired. The attendants were Miss Etta Peterson and Harry S. King. Fifty guests were present and enjoyed the wedding supper which followed.

The bridegroom is employed at the Northern Pacific shops and they will make their home in Brainerd.

DRAFT DRAWING MAY TAKE PLACE FRIDAY

Washington, July 19.—Advises to Brigadier General Crowder, the provost marshal general, indicated that the national lottery to determine the order of liability of 10,000,000 men registered for military service can be held Friday. Preparations to make the drawing on that day went ahead rapidly, although a final decision as to the date awaits reports from all states that their local exemption boards have completed their task.

Details of the mechanism to be employed in the drawing have not been revealed. It is known, however, that present plans are for the lottery to take place in the Capitol building, with the members of the senate and house military committees as witnesses. The entire proceeding is not expected to take much more than one hour.

MANY ARE LOSING HEART

Prussian War Minister Says Courage Is Failing.

Amsterdam, July 19.—Many Germans have become fainthearted, says General von Stein, Prussian war minister, as quoted by the Anzeiger of Dusseldorf. The general, replying to a telegram from the German National union expressing confidence in him, advised:

"Every one should possess confidence in the future greatness of Germany, but faintheartedness is still troubling many. Every one should set an example of self-renunciation and sacrifice."

Admiral von Tirpitz called the submarine "extremely effective," but said it needed time.

Let every man, if possible, gather some good books under his roof—Channing.

Treeless City Streets.

The New York State College of Forestry says that within New York state there are 20,000 miles of street capable of sustaining a growth of 5,000,000 shade trees which can be made worth \$100,000,000 in increased property value. Besides making our cities more beautiful, trees are of definite value to health, for by absorbing poisonous gases they purify the air.—Tree Talk.

Beware of Ointments for Catarrh

that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.—Adv. Apr.

PRICE TO BE FIXED LATER

Coal Operators Agree to Supply United States Needs.

Washington, July 19.—Coal operators of four Eastern states at a conference here assured government officials they would meet all the government's coal needs and would furnish amounts allotted to them.

The question of prices was not considered, but will be fixed after the federal trade commission has completed its investigation of coal production costs.

Before Lorraine was united with France in 1736 it belonged to the de-throned king of Poland. Before that it belonged to Austria.

THURSDAY, JULY 19, 1917

Your Flag and my Flag!
And, oh, how much it holds
Of your Land and my Land
Safe within its folds.
Your heart and my heart
Beat quicker at the sight;
Sun-kissed and wind-kissed,
The Red, the Blue and White!
The One Flag—the Great Flag—
The Flag for me and you—
Glorified the whole world wide—
The Red, the White, the Blue!

NELSON THE MOST EMINENT

Minnesota is distinguished among the commonwealths of the union as the home of the most eminent foreign born American, says Scott C. Bone, writing in the Seattle Post Intelligencer.

Here in a nutshell is presented this great American's service to state and country:

Noncommissioned officer in union army—1861-64
Member Wisconsin legislature—1868-69
County attorney, Minnesota—1872-74
State senator, Minnesota—1875-78
Member house of congress—1884-91
Governor of Minnesota—1892-95
United States senator—1895-1919

At the end of his present term Hon. Knute Nelson will have served in congress (house and senate, with an interim) 39 years.

The St. Cloud Times publishes the above and gives prominence to a republican who has served his state and nation well, even though that paper is probably one of the most rock-ribbed democratic newspapers in the northwest. Brother McDonald might add that at the end of Senator Knute Nelson's present term there will be such a demand for him to continue in the United States senate that it will be impossible for him to refuse. So justly fair and impartial has been Senator Nelson that democrats and republicans alike would unite in the request.

MERIT ALONE TO GOVERN

Now that the course in the first training camps for officers is drawing to a close and that for the second training camps will soon commence, it is of the utmost importance that the government live up strictly to the pledge they made the people, that officers for the national army shall, without exception, be selected on the basis of merit as demonstrated by three months training under the observation of regular army experts and that no personal or other influence will operate to permit commissions being given to anyone except on merit alone.

The men who are now being drafted, and the parents who are giving up their sons to their country's cause, have a right to insist that they work under the best officers that can be procured. They know that such officers can best be secured on the merit plan alone and they have a right to demand that this policy be maintained. The tax payers and all subscribers to the Liberty Loan have a right to insist that officers who are going to undertake the campaign be selected on merit only and that the selection be made by experienced regular army officers upon demonstrated ability shown by the candidates. The war department should be encouraged all possible to live up to the pledge that merit alone will procure the commissions and people all over the country should vigorously oppose and discountenance the granting of commissions on personal or influential grounds.

Lick the plate and lick the Kaiser." is a good slogan that Chicago has adopted. Enough food is wasted in this country to feed a small army, and its saving will add to the surplus that can be made available at this time of food shortage and high prices. Think it over.

GERMANS SHELL LOST POSITIONS

Fail to Recover French Gains in Verdun District.

BIG GUNS ROAR IN BELGIUM

British Continue Patrol Raids on Enemy Trenches in Numerous Sections—Russians in Galicia Are Holding Back the Reinforced Austro-German Army.

London, July 19.—After having tried ineffectually to overcome French gains in the Verdun sector between the eastern edge of the Avocourt wood and Hill 304 the Germans are contenting themselves with throwing shells into the positions which they were forced to evacuate. Likewise along the Chemin-des-Dames the violent infantry activity of the early week has ceased and artillery duels instead are taking place.

The British and Germans continue their violent artillery duels in Northern Belgium and the former are keeping up their harassing patrol raids on numerous sectors.

One of the most successful of these enterprises was carried out east of Monchy le Preux, in which the British gained ground and took prisoners. On the Russian front General Korniloff's army in East Galicia is stubbornly holding back the reinforced Austro-German army, which is endeavoring to wrest from them the positions recently won in the Halicz and Kalusz sectors.

BRITISH SHIPPING LOSSES

Eighteen Vessels Sunk by Mines or Submarines in Week.

London, July 19.—Fourteen British ships of more than 1,600 tons were sunk by submarines or mines in the past week, according to the official report. Four British vessels under 1,600 tons were sunk, and eight fishing vessels.

The official report follows:
Arrivals, 2,828; sailings, 2,920.

British merchant ships sunk by mine or submarine over 1,600 tons, including one previously, 14; under 1,600 tons, 4.

British merchant vessels unsuccessfully attacked, including three previously, 12.

British fishing vessels sunk, 8.

The admiralty report of the previous week announced the sinking of fourteen vessels of more than 1,600 tons and three of less than 1,600 tons. The fishing vessels lost numbered seven.

CAMBON FLAYS MICHAELIS

French Official Criticizes New German Chancellor.

Paris, July 19.—"One thing is certain and that is that Emperor William wished to get rid of a man who trailed after him unpleasant recollections of the days preceding the war," Jules Cambon, general secretary to the ministry of foreign affairs, said in discussing Dr. Bethmann-Hollweg's resignation as German chancellor.

Herr Michaelis," M. Cambon continued, "seems to be of the type of disciplined, brutal, Prussian functionary, a liberal so long as he is not in power, but conservative and reactionary as soon as he is charged with public functions."

FURTHER INQUIRY DROPPED

British Mesopotamia Scandal Probe Is Halted.

London, July 19.—Announcement was made in the house of commons by Andrew Bonar Law that the government has decided not to proceed with the proposed judicial inquiry into the report of the commission which investigated the Mesopotamia campaign. In coming to this decision, the chancellor said, the government has been guided by the objection raised in debate on the report to a further inquiry and also is influenced by the undesirability of diverting the thought and energies of the legislature and the executive at this critical time from the prosecution of the war.

WOULD USE GERMAN SHIPS

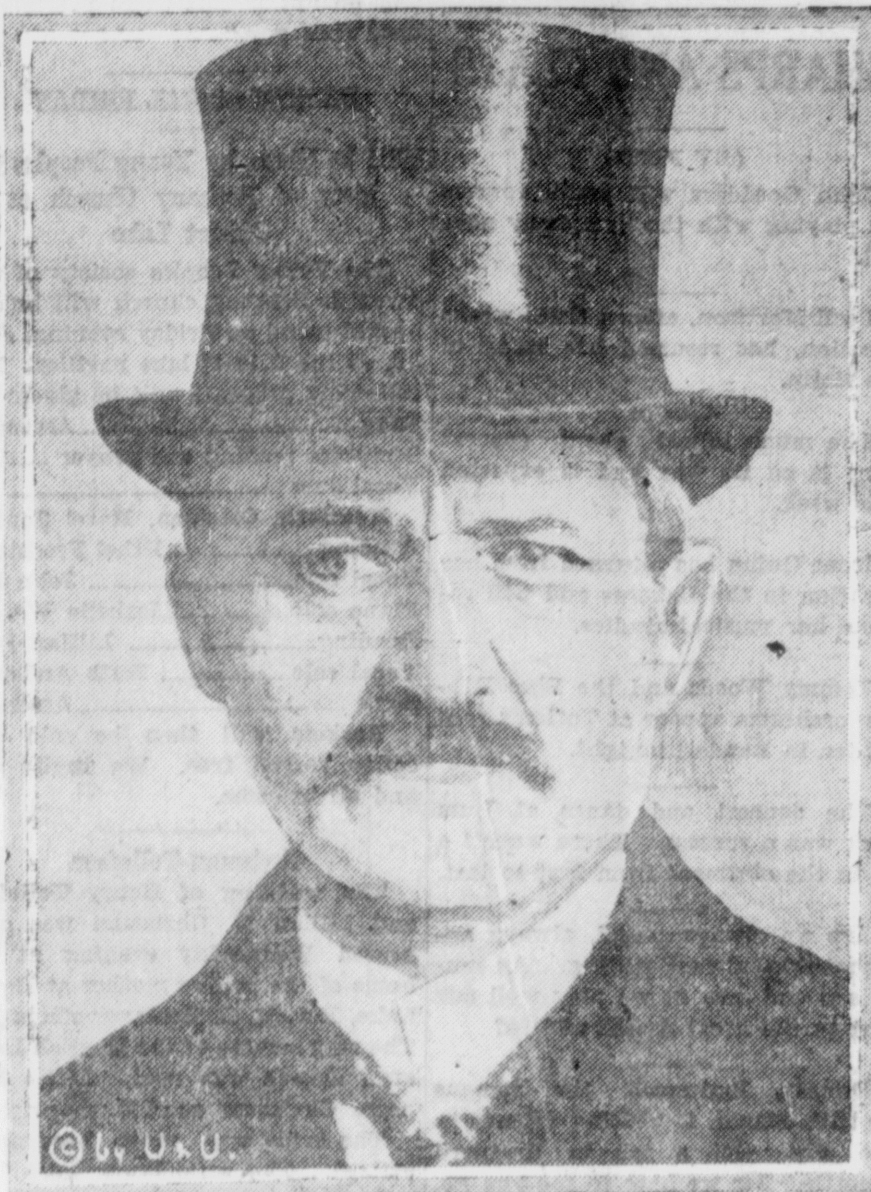

Pacific Mail Offers to Take Over Vessels Seized at Manila.

Chicago, July 19.—An offer to the government shipping board to take over four of the German vessels seized at Manila has been made by the Pacific Mail Steamship company, according to announcement by General Manager J. H. Rossetter. If the offer is accepted the vessels will be placed in the Pacific trade.

Northwest Farm Loans.

Washington, July 19.—While applications for farm loans are coming in to the office of the federal farm loan board at the rate of \$500,000 a day and the total of loans asked is \$10,899,337 Minnesota farmers have asked only \$259,100. In North Dakota the farmers have applied for loans amounting to \$613,650. Those in South Dakota for \$144,000, and in Montana, \$758,200.

New Imperial Chancellor of Germany

DR. GEORGE MICHAELIS

Dr. George Michaelis, the new chancellor of the German empire, who has by choice of Kaiser Wilhelm succeeded von Bethmann-Hollweg, is sixty years old. All his life he has been in the service of the German government. Starting as a

BERLIN FRAMING NOVEL PROPOSAL

Germany May Advocate Complete Disarmament.

PARIS PAPER PRINTS STORY

Dispatch From Geneva Says Teutons Are Meditating Offering to Their Enemies and the World a Disarmament Except for Sufficient Forces to Maintain Compulsory Peace.

Paris, July 19.—A dispatch to the Temps from Geneva says the German government, according to reliable information, meditates the dramatic proposal to its enemies and to the world of a complete disarmament except for sufficient forces to maintain compulsory peace by compulsory arbitration. "The German government," the Temps says, "while allowing the solution of the internal crisis to appear as a success for the pan-Germanists has in view a maneuver of a quite different aspect."

"The bellicose declarations which resounded will be nothing but the prologue designed to represent Germany as invincible."

"Afterwards, perhaps sooner than is expected, will come the theatrical initiative in which Germany will show a disposition to disarm."

STEENERSON WANTS PROBE

Says Grain Exchanges Influence and Fix Prices.

Washington, July 19.—Investigation of the grain exchanges of Minneapolis, Duluth and Chicago as the first step in its nationwide food price inquiry will be recommended to the federal trade commission by Representative Halvor Steenerson of Minnesota. He will urge that the committee act now despite pending war legislation to control exchanges.

"It is perfectly clear," Mr. Steenerson said in the report he will submit, "that the grain exchanges influence and largely fix the prices of grain and food products throughout the United States and materially and directly restrain interstate and foreign commerce."

BAER GOES TO WASHINGTON

Newly Elected Congressman Cannot Take Seat for Several Weeks.

Fargo, N. D., July 19.—Congressman Elect John M. Baer of the First North Dakota congressional district, who has left Fargo for Washington, will not be able to take his seat in the national house of representatives for several weeks, but is anxious to get to the scene of action in order to familiarize himself with what is going on. Baer received several telegrams from congressmen, not only from North and South Dakota, but from other states as well, asking him to come to Washington as soon as possible in order to get in touch with the situation.

GOETHALS' PROGRAM STUDIED BY BOARD

Washington, July 19.—Members of the shipping board and Major General Goethals, manager of the board's fleet corporation, who are at odds over the government's shipbuilding program, at a lengthy conference went over the general's proposals for constructing shipyards and for speeding up tonnage now building.

The board, it was announced after the conference, made no decision respecting the general's plans and another conference will be held. The shipping board, Chairman Denman said, wishes more information before it approves the general manager's program, but General Goethals said he thinks he has submitted most of the information asked for.

Neither members of the board nor General Goethals would say what are the points of difference over the program. Chairman Denman intimated all disagreements will be settled satisfactorily.

FARMERS MUST PAY TAXES

Federal Court Finds Settlers Liable After Final Proof Is Made.

Fort Yates, N. D., July 19.—Under a decision of Judge McNenny of the circuit court for the northern district of the Black Hills, North Dakota is in a position to collect thousands of dollars in back taxes from homesteaders who have made final proof, but have not received their patents because of delinquent payments due the government. Judge McNenny in a Belle Fourche irrigation project case holds that homestead lands are subject to taxation prior to the issuance of title by the government and that the homesteader is responsible for the payment of taxes on his interest in the estate.

NATIONAL GUARD POLITICS

Investigation May Result From Situation in Minnesota.

St. Paul, July 19.—An investigation of national guard politics is likely to result from the demand of the state military board that Adjutant General F. B. Wood resign or in the event of his refusal that he be removed by the governor and the public safety commission. Captain W. F. Rhinow, the governor's military secretary, who has been performing the military duties of the adjutant general while General Wood has been in charge of the registration and draft, is in line for the appointment.

Much Poultry in Storage.

Chicago, July 19.—W. S. Moore, a poultry dealer, says there are 30,000, 000 pounds of poultry in storage in Chicago. A huge stock, he said, was accumulated to take care of orders for the British government. The latter, he said, was unable to obtain refrigerating ships and turned back most of the order.

Christian Science Leader Dead.

Brookline, Mass., July 19.—Archibald McLean, an editor of Christian Science periodicals and officer of the First Church of Christ, Scientist, died suddenly. Mr. McLean was editor-in-chief of the Christian Science Monitor from 1908 to 1914.

GERMANY DEPORTING FRENCH INCAPABLES

London, July 19.—French men, women and children less than eighteen and more than fifty years old are being returned by the Germans to France from the occupied sections of the northern part of the country at the rate of 1,000 a day, according to advices received by the Belgian relief commission here. The repatriation is being carried out through Switzerland.

Thousands of these refugees have arrived at Evian-les-Bains, in the department of Haute-Savoie, on Lake Geneva. Their condition is described as most pitiful. The relief commission and the American Red Cross may take measures to relieve them, as Evian-les-Bains, with no adequate accommodations for such throngs, is daily becoming more congested.

The refugees are all persons incapable of performing work useful to the Germans.

HEAVY WITHDRAWALS MADE

Federal Food Bill Empties Whisky Warehouses.

Washington, July 19.—Liquor dealers, alarmed at the prospect of the government seizing, under the terms of the food bill, the vast quantities of distilled spirits in bond, are withdrawing whisky from bonded warehouses at a rate never before equaled. Within the last ten days more than 10,000,000 gallons have been withdrawn and the ratio of 1,000,000 gallons a day bids fair to be continued.

The whisky thus withdrawn is placed largely, revenue officials say, in stock in retail establishments.

Internal revenue receipts have increased this month to a point higher than ever before, the total for the first seventeen days being approximately \$7,500,000 more than last July.

Flour sold for \$17 a barrel in the United States in 1817. In 1820 the price dropped to \$5.

Rip Out That Dirty Unsatisfactory Fuel-Hog Furnace!

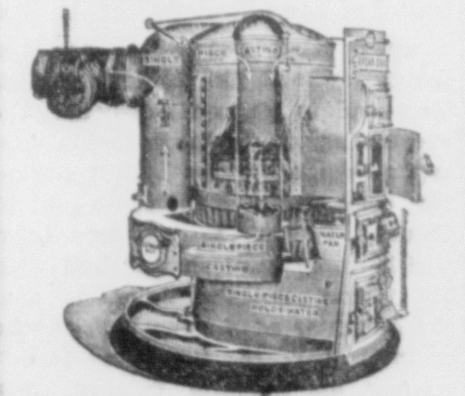

Let us replace it with the heating system that will soon earn its investment in fuel and trouble saved—that will deliver warmth and comfort, be dependable and repair-free for years to come—will safeguard health. It's the

ROUND OAK Moistair Heating System

No more hot, stuffy, dry-as-a-bone air—that reeks with hidden disease-germs—not with the Round Oak! Because it

Automatically Ventilates and Humidifies

It floods the home with clean, warm, fresh, moist air, free from dirt, dust and gas. Durable too—easy to "tend"—saves tons of coal.

The Round Oak Moistair Heating System Made by Makers of the Genuine ROUND OAK STOVE

—and Now Being Nationally Advertised

More than 60,000 users of the Round Oak Moistair Heating System testify to its matchless saving.

Note above its rugged construction. Bear in mind it's the most economical heating system on the market. Now come and let us present the proofs!

"The New Hardware Store" 721 Laurel St. Ship's Block

Machine Protection is Very Important This Year

Machine manufacturers state that enough steel for about 75 per cent of the NORMAL machine demand is all they can figure on this year.

The demand for machines, due to big prospective crops, is almost sure to be away above normal with a possibility of the machine companies being unable to deliver.

Save Your Present Machines

by building a shed for them where you can keep them in good condition and protect them from rust and rot.

The shed will surely cost you less than new machines or extensive repairs, and as new machines are not available this season a shed may save part of your crops. See us now for the material for such a shed while the MATERIAL can be had.

Winnor-Adams Lumber Co.

Down Town Office 519 Iron Exchange Building, Laurel Street.

This book tells how Brainerd can help U. S. win the WAR.

Do Something Better Than the Other Fellow--- and ADVERTISE

Advertising cannot accomplish the impossible any more than barren ground can yield rich crop.

But how advertising does make things hum when the product and proposition are right, the men and methods above board, when there's an honest purpose and earnest effort from bundle boy to general manager to serve efficiency, to deal honestly, to sell good goods, to price fairly.

Oil up the machinery of your business, imbue your organization with the spirit of true service, make your business worthy of the good will, the confidence, the patronage of the people.

In this fertile field then sow the seed of advertising and it will bring forth abundant crops in increased business and augmented prestige.

Your store news in the Dispatch will be read in practically every home in Brainerd and vicinity every evening.

BIG GAME AT CROSBY SUNDAY

May Decide the Championship of the Cuyuna Range in Crosby-Ironton Series

EACH WON TWO GAMES SO FAR

Lefty Hall, Formerly of Texas League Will Pitch for Ironton—Crosby Has Wilkus

The game of Sunday, July 22 at Crosby may decide the championship of the Cuyuna range in the Crosby-Ironton series. It will be played at the Crosby Athletic park.

Each team has won two games and played a tie. Lefty Hall, formerly with the Texas League, will pitch for Ironton.

Crosby has secured Lefty Wilkus of the All Nation team to pitch. Wilkus comes well recommended, having won 15 out of 18 games played.

The Ironton and Crosby bands will furnish music. "Fatty" Wood will also be in attendance with his ukulele and assist in entertaining the crowd. Game will be called at 3 P. M.

FOUND NOT GUILTY

Arthur Boppel on Trial at Duluth With Victor Power of Hibbing as His Attorney

Arthur Boppel was found not guilty of violating the Indian liquor law by a federal jury in Duluth after it had been out an hour. Boppel was the former proprietor of a wholesale liquor house just outside of Brainerd and was accused of smuggling liquor into the town.

Victor Power of Hibbing, Boppel's attorney, contended that the liquor had been "planted" in Boppel's buggy by Indian agents.

CORN GROWING RAPIDLY

Judge W. A. Fleming Says it Hopped up 15 Inches in One Day

Judge W. A. Fleming tells this one on corn growth in Crow Wing county. He said a farmer, an honest looking, upright man of the soil, told him his corn had grown 15 inches in one day.

The county had been having a spell of cold, dismal weather, succeeded by a warm, sunshiny day and the corn, nestling low to dodge cold, just unfolded and sprang up so high that the farmer needed two foot rules to measure the growth.

CROPS IN COUNTY

C. W. Koering Gives Glowing Account of His St. Mathias Farm

C. W. Koering, owner of a fine farm in St. Mathias township, says his oats are just heading and stand 3½ feet high. Spring wheat is fine, just heading and standing 3½ feet high. Small grains are all flourishing.

Corn is doing well and is over 16 inches high. Rye and timothy are in good shape. Potatoes will be a bumper crop. The last three weeks have been of the greatest benefit to Crow Wing county crops.

ROLL OF HONOR

George Volk of Jenkins joined the army at Brainerd, enlisting in the infantry. His application was taken by Corporal Raymond Lowery.

Subs in the railway mail service are not exempt from the draft, said one of them today.

BRAINERD'S OLDEST STORIES OF TODAY

Mr. Gunn of Barrows and two sons of Gunn were in town yesterday.

Four Barrows kids took a man's car, had an extended joy ride, were caught by the owner and paid \$3 a piece for the use of the car.

Henry Spalding Entertains

Henry Spalding entertained a number of congenial friends at his summer home at Hubert. The guests included Col. C. D. Johnson, Cor O'Brien, C. A. Albright, Ed Levaunt, James Murphy of Brainerd and Newman of Minneapolis. Guests motored out in Mr. Newman's Franklin and Mr. Albright's Ford. A game of bridge was started which established a record for continuous playing, lasting 48 hours, non-stop endurance test.

NOTICEABLE IMPROVEMENTS

Many Places Throughout the City are Receiving Attention that Adds Beauty to its Looks

One of the noticeable improvements being made is that at the corner of Sixth and Kingwood streets at what is known as the "old Kindred place." The residence has been painted and resingled and the row of cottonwood trees that had outlived their usefulness and were a menace to human life as well as a nuisance to householders in that section from the bloom that filled every screen porch at this season of the year, have been cut down. An addition to the large barn has been removed and the big building has been repaired and is to receive a coat of paint and a new roof. It is one of the old landmarks in the city and its prominent location makes brightening of the premises appreciated.

The Y. M. C. A. building and grounds will present a cheerful and pleasing appearance when all the improvements are completed and its location on one of the prominent business corners of the city makes the improved appearance one of general comment.

Throughout the city there is a general appearance of prosperity, the many well kept lawns and gardens adding to the beauty and being in line with the civic pride that should be manifest everywhere.

BAR SEPTEMBER MORN AT CROSBY

Bathing Suits Must be Worn When Bathing at Crosby, Municipal Bath House Built

SEVEN FILE FOR SCHOOL BOARD

Crosby Ladies Organize a Branch Auxiliary to the Public Safety Commission

Crosby, Minn., July 19—Crosby authorities have given strict orders that September morn bathing is to stop. The village has built a municipal bathing house, 30 by 100 feet, and it should be patronized, and the mother nature style of bathing discontinued.

Seven candidates have filed to fill the two vacancies on the school board, promising an exciting election. E. A. Romann is a candidate for reelection. The others are Capt. G. A. Anderson, H. Koop, Joseph Sall, Conrad Raps, C. L. Benedict and Fred Watts.

With the completion of new work ordered by the council, twenty blocks of sidewalk will have been laid in Crosby this season.

Peter Strand, inspector of mines for the state, has arrived from Hibbing and will establish offices in Crosby. The state is interested in the North Thompson mine.

Crosby ladies have organized a branch of the Public Safety commission. The officers are President Mrs. P. N. Haughton, First Vice President Mrs. A. D. Darling, Second Vice President Mrs. H. Ingalls and Secretary Mrs. W. C. Deering.

Jack Gilligan, Crosby pitcher, has been released.

Mr. and Mrs. Hans Anderson are the parents of a baby son.

Mr. and Mrs. J. B. Galarneau of Atkin visited friends Sunday.

Mr. and Mrs. E. G. Ingalls, guests of his parents, have returned to their home in Nora Springs, Iowa.

Mrs. Ella McKay of Superior, Wis., is visiting her daughter, Mrs. Baxter A. Smith.

Mr. and Mrs. John T. Murphy motored from Superior to Crosby Saturday and remained over Sunday. Mr. Murphy is the well known editor of the Superior Telegram, and has large interests in mining properties on the Cuyuna iron range.

Rev. B. A. Barker occupied the Methodist pulpit in Brainerd Sunday.

Miss Dorothy Pauline Wright and Martin A. Olson were married at Brainerd.

Mr. and Mrs. George H. Crosby, Jr., are the parents of a pretty baby girl. Mrs. Crosby is at St. Mary's hospital in Duluth.

NEIGHBORHOOD NOTES

(Little Falls Transcript)

The Boy Scouts of Little Falls will have an encampment at Crow Wing lake from July 26 to Aug. 2. From 12 to 15 boys are expected to attend the camp. Rev. Philip E. Gregory and Edgar Christensen will be in charge.

Mr. and Mrs. August Stroming of Ft. Ripley and Mrs. George Landmeier of Little Falls town have returned from a ten days' auto trip through the southern part of the state, near the Iowa line. They state that the crops of southern Minnesota are in excellent condition and that that section will enjoy a bountiful fruit crop.

DEERWOOD MAKING BUTTER EVERY DAY

New Deerwood Creamery Being Operated With Success by J. S. Jenkins, Ice Cream Made Too

L. J. ALBERTS IMPROVING HOME

Mrs. Peder Larson Entertains Ladies Aid From Five Towns, 135 Guests in Attendance

Deerwood, Minn., July 19—The Deerwood creamery is doing business, and this new industry is receiving much encouragement. The first batch of butter has been turned out by J. S. Jenkins and gave the best of satisfaction. Floors are of concrete, the machinery is driven by electricity. Ice cream is also made.

Mr. and Mrs. F. E. Cox entertained at a musicale Sunday evening.

A. S. Nygard and daughter Lillian visited in Brainerd.

Olsen Skau was at Brainerd Tuesday on road matters.

T. F. Cole was in Brainerd Wednesday.

Rev. H. G. Stacey, rector of St. Paul's Episcopal church, visited in Deerwood Tuesday.

State Jail Inspector L. G. Foley of St. Paul inspected the Deerwood lock-up.

L. J. Alberts is improving his residence by removing the old veranda and building a new and larger one.

The Bay Lake Fruit Growers association is shipping strawberries in increasing amounts.

Mrs. Peder Larson entertained the ladies aid society at her home on Millie Lake lake. About 135 people were in attendance carried there by thirty cars from Deerwood, Crosby, Ironton, Cuyuna and Manganese.

The sum of \$58 was taken in.

Mrs. Olsen Skau will entertain the Norwegian Ladies Aid society Thursday afternoon, at her home on Hamlet lake.

A section of the Deerwood-Atkin road from Cedar Lake is now being graveled.

Deerwood will hold its annual school meeting July 21 and two new board members are to be elected.

Mr. and Mrs. Paul M. Hale are the parents of a pretty baby girl.

The Methodist Ladies Aid society met with Mrs. F. E. Cox.

Carl Zapfe and Frank A. Glass of Brainerd were Deerwood business visitors Tuesday.

Mayor Charles W. Potts has returned from a business trip to Minneapolis.

Deerwood assisted to entertain Dr. Marion Leroy Burton, president of the University of Minnesota, on the occasion of the community picnic at South Long Lake.

MRS. MELVINA GREEN DEAD

Passed Away This Afternoon From a Complication of Diseases, Leaves a Daughter

Mrs. Melvina Green, age 48, of 613 South Seventh street, died this afternoon from a complication of diseases. She was a widow and leaves one daughter, Mrs. C. W. Cunningham of this city.

Mrs. Green was a lady of many estimable qualities and had lived in Brainerd 11 years. Her death came as a shock to many as she had been sick but five weeks. She belonged to the Baptist church and the Woman's Relief Corps. A sister, Mrs. J. H. Knowles, lives in Sylvan.

No funeral arrangements can be announced with any certainty at present until all relatives are communicated with, but it is expected to be held on Saturday afternoon from the Episcopal church.

The sympathy of the community is extended to the family in its sad bereavement.

Useless Question.
"Have you been drinking again, you brute?" We never knew a man to give a truthful answer to this question, so it is somewhat surprising that women keep asking it—Louisville Courier-Journal.

DRAFT NUMBERS OF CROW WING COUNTY

You may examine complete list of names, numbers and addresses at Dispatch office.

At the county auditor, sheriff's office or Dispatch may be seen a bulletin from the government giving information for persons registered. Copies may be obtained from the sheriff or county auditor at the court house.

Send your name and stamped addressed envelope to the sheriff and he will mail you a copy of the bulletin. It answers hundred of questions of importance to those registered.

It's Your Figure---Not Your Face---That Tells Your Age

A FAMOUS woman specialist who had studied women for years made this startling statement three years ago. We asked dozens of women who had worn Gossards for more than ten years if they believed this—and they all said "Yes."

Many a girl of 20 years has the figure of a matron of 45. Many a matron of 45—thanks to her Gossard—has the youthful figure of 25 summers, because of her Gossard. If a Gossard did nothing but make you look as young as you feel, it would be worth double its cost. You can look as young as you are, if correctly fitted to the Gossard designed for your figure.

Judging Men.

It is absolutely vital to judge men broadly. If you have not had a chance to see what a fellow is capable of give him the benefit of the doubt. Make up your mind that if you appeal to something good in him he will meet you on the level of your appeal. If we meet men on a low level they will take us on as low a plane as we set. It is worth while straining a point to make sure that men see the best side of you. Then they are more likely to give you their best side.—Meyer Bloomfield in Industrial Management.

What the Flowers Said.

"Do you understand the language of flowers?" asked the sentimental young woman.

"No," replied the practical young man. "But the last time I bought a dozen American Beauty roses they seemed to say to me that I would have to practice rigid economy for a month."—Birmingham Age-Herald.

Sudden Death

Before an Insurance Company will take a risk on your life the examining physician will test your water and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night—take heed, before too late!

You can readily overcome such conditions and prolong life by taking the advice of a famous physician, which is: "Keep the kidneys in good order, avoid too much meat, salt, alcohol or tea. Drink plenty of pure water and drive the uric acid out of the system by taking Anurie, in tablet form." You can obtain Anurie at drug stores, the discovery of Dr. Pierce of Invalids' Hotel, Buffalo.

A PROMINENT WOMAN OF MINNESOTA.

Red Wing, Minn.—"About twenty years ago I caught a severe cold; it settled all over me. This caused trouble from which I suffered for some time. I had dreadful aching-down pains and backaches. I took several different kinds of medicine but found no relief in any of them. I learned of Dr. Pierce's Favorite Prescription and this medicine gave me great strength and soon relieved me of my ailment. Shortly afterward I took down with bronchitis. For this I took the Golden Medical Discovery and it soon cured me. I feel greatly indebted to Dr. Pierce for the relief obtained from his medicines. I can recommend them as I have never known them to fail."—Miss SARAH BARTLETT, 332 Sturtevant Street.

ONE WAY TO WOO SLEEP.

Travel In Memory Some Road You Knew Well In Childhood.

It is hard for me to remember now that my knowledge of the sleepy road, gained so many years ago, came only through the chance bit of advice dropped by a wise, kind, weary old doctor as he shuffled at midnight down the corridor of the silent hospital, says the Atlantic Monthly.

Whatever was the errand of life or death that had called him in such haste, he had time to stop and give me a friendly word, although I, a small and incoherently sleepless patient, was sitting bolt upright among the pillows in defiance of all his orders and was staring wide eyed into the hot, pain haunted dark.

"You think you are never going to be able to sleep again, don't you?" he observed. "Well, shut your eyes and do just what I tell you. Think of some road that you know well, a good long road that winds and turns and shows you water and woods and hills. Keep your eyes tight shut and travel along it in memory. Go as slowly as you can, recall every sight and sound and perfume as you pass by."

"I have such a road of my own, the one I used to walk to school when I was eight years old. I have started out on it a hundred times when I thought I could not sleep, but I never got very far. I come just about to the old stone bridge over Damon's creek or perhaps to the swimming hole, where the willows dip into the brown water, but I never reach the end."

FACING THE CAMERA.

Don't Dress Up and Don't Pose When Having a Picture Taken.

"There are many things I would like to say to the woman who intends having her picture taken," said a famous photographer the other day. "Many women come to me and say: 'Of course you prefer taking actresses. They must have many advantages over those women who never have time but to give an occasional glance in their mirrors.' This is entirely a mistake. The conscious pose never makes a satisfactory portrait. I would say emphatically to the woman who goes to have her photograph made not to rehearse her pose and facial expression beforehand."

"I always find it difficult to impress on the woman coming to my studio that clothes and jewels are of absolutely no account in a photograph. If a woman comes to be photographed in the clothes she is used to wearing she will feel at ease and therefore look her best."

"One of the curses of our present day civilization is the ever changing question of fashion. How much more civilized were the Japanese, who realized that the kimono was perhaps the most perfect dress for women at all times—who only varied it with different brocades and girdles. The photograph that concerns itself with clothes is soon out of fashion, and no matter how good a likeness of the face has been obtained, the picture is grotesque in a few years because the clothes are passe."

The Professor Worried.

The absent minded professor from the university town was in Indianapolis attending a convention. While in the city he took a tour of the larger department stores. In one of them he was much perplexed.

He read the sign over the door of the elevator:

"This car express to fifth and sixth floors. Up only."

Absently he read the sign again. Then the car door opened.

"I would like to know," he asked the elevator boy, "if this elevator goes only up, how on earth did you get down here?"

The elevator boy grinned, frowned, scrutinized the man closely and then said in a dignified voice, "Oh, I just came down."—Indianapolis News.

POLITICS CROP OUT DESPITE THE WAR

Both Parties Laying Plans to Capture the Next Congress.

REPUBLICANS SEE VICTORY

Campaign of Democrats Will Be Based Upon the Issue of Sustaining the President In His Policies—War Popularity May Not Count Heavily—Government Must Pay Militia Guards.

By ARTHUR W. DUNN.

Washington, July 19.—[Special].—Politics have not been forgotten even if every effort is made to exclude politics from every controversy before the people. The Republican party is looking forward confidently to next year with a belief that unless there is a change of political sentiment in the country they will make a sweep of the congressional elections.

The Democrats are preparing to make a campaign almost wholly upon the issue of sustaining the president in his war policies. Of course there are many Democrats who do not agree with the president, but for the most part they come from states which will go Democratic anyway. From nearly every northern state, every doubtful state and congressional district represented by a Democrat it is found that such representatives, both in senate and house, are standing by the president.

Will Win With War.

It has been asserted time and again and proved in most instances that any administration can win with a war in progress. That was true during the civil war, but it might be well to remember that eleven states were not represented in the elections held during the civil war. The only other war of record for any practical purposes is the Spanish war, and with all of McKinley's popularity and the most strenuous exertions by Mark Hanna and a victorious party the house was carried by only eighteen majority in 1908 after a successful war. So it may not be well to count too much upon war popularity.

The Senate's Way.

By a vote of 65 to 12 the senate composed almost entirely of lawyers, whose natural hobby is constitutional argument—voted the Smoot amendment for taking over liquor into the food bill. Then they began thirty-six hours later to talk about its unconstitutionality.

"The situation confronting us," remarked Senator Stone of Missouri, "illustrates very clearly the passion, the unwise riotous passion, that too often influences the judgment of senators who are bent upon accomplishing a given end at all hazards."

What made it all the more interesting was the fact that the senate had so tied itself up by unanimous consent agreements that it could not reconsider the Smoot amendment.

Two Solemn Senators.

After the senate had voted nearly bone dry Senator Curtis of Kansas in a most solemn and earnest manner asked consent for the unanimous adoption of a joint resolution providing for nation wide prohibition. In just as solemn a manner Senator Penrose of Pennsylvania objected. From their manner it appeared that neither desired to make the matter a subject of humor, although everybody was aware that there was not the least possibility of passing such a resolution.

Government Must Pay.

In many states the militia was ordered out to guard bridges, tunnels and other property which might have been destroyed when the United States entered the war. The federal government must pay these expenses. Already bills for that purpose have been presented, and when the time comes it will be decided that the guarding was in the interest of the United States, protecting interstate commerce and the shipment of materials used by the government for the war. And congress, therefore, will have to reimburse the states.

When It Became Practical.

Senator Thomas of Colorado in a few words explained why prohibition had made such rapid advances. "The prohibition issue," he told the senate, "was a moral one for a century and made little progress, but when it became an essentially industrial issue, when the practical and material effect and benefit consequent upon the adoption of the principle was apparent, then it made rapid progress."

Did Not Pay For Slaves.

While the senate was talking about commandeering the whisky of the country and the assertion was made that it ought to be paid for there was reference to the fact that the government did not pay for the slaves that were freed during the civil war. This brought John Sharp Williams up with a dissertation on the subject. He said that the federal government had no reason to pay for the slaves that were freed in the states at war, for it was a war measure, but that the government should have paid for the slaves owned by states which did not secede. Perhaps after the government has paid for the whisky it may take up the old question, once quite an issue in the national capital, which was voiced in the slogan, "We want pay for our niggers!"

Chicago packing plants, the center of the nation's meat supply, came under the scrutiny of Joseph E. Davies, federal trade commissioner, when he began preliminary work in the commission's investigation of food prices and supply.

Forsyth Has \$100,000 Fire.

Forsyth, Mont., July 19.—Fire originating from spontaneous combustion in a wholesale liquor house here swept over a large section of the business district, causing an estimated loss of \$100,000.

Forming Regiment of Moros.

Manila, July 19.—Plans are under way for the formation of a regiment of Moros in the hope that eventually it will be attached to the American expeditionary force in France.

Nuxated Iron Should Be Used in Every Hospital and Prescribed by Every Physician

Says Dr. Howard James, late of the Manhattan State Hospital of New York and formerly Assistant Physician Brooklyn State Hospital

It quickly enriches the blood, strengthens the nerves and puts most astonishing youthful power and vigor into the veins of both men and women. It often increases the strength and endurance of delicate nervous, run-down folks 100 per cent in two weeks time.

Opinions of Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York, Dr. A. J. Newman, late Police Surgeon of the City of Chicago and former House Surgeon Jefferson Park Hospital, Chicago, and other Physicians who have tested Nuxated Iron in their own private Practice

In a very interesting and instructive discourse on the great values of plenty of iron in the blood, Dr. Howard James, late of the Manhattan State Hospital of New York and formerly Assistant Physician Brooklyn State Hospital, said:

"A patient of mine remarked to me (after having been on a six weeks' course of Nuxated Iron)

"Say Doctor, that there stuff is like magic."

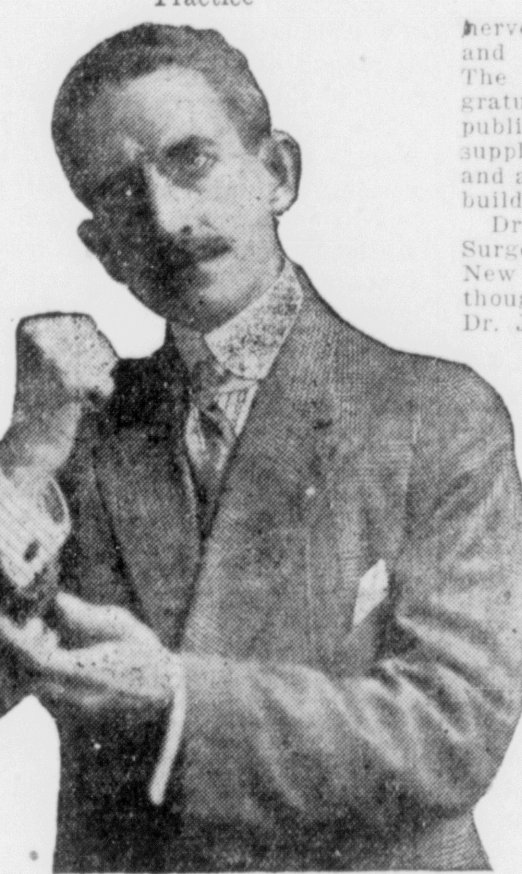

"Previous to using Nuxated Iron, I had been prescribing the various mineral salts of iron for years, only to meet complaints of discolored teeth, disturbed digestion, tied up, hardened secretions, etc., when I came across Nuxated Iron, an elegant, ingenious preparation containing organic iron, which has no destructive action on the teeth—no corrosive effect on the stomach, and which is readily assimilated into the blood and quickly makes its presence felt by increased vigor, snap and staying power."

"Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron."

"As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run down, instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages, I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started their diseases was nothing more or less than a weakened condition brought on by a lack of iron in the blood."

"Thousands of people suffer from iron deficiency and do not know it. 'If you are not strong or well, you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. From my own experience with Nuxated Iron I feel it is such a valuable remedy that it should be kept in every hospital and prescribed by every physician in this country."

Dr. E. Sauer, a Boston physician, who has studied both in this country and great European medical institutions, was asked what he thought

Dr. Howard James, late of the Manhattan State Hospital of New York and formerly Assistant Physician Brooklyn State Hospital tells physicians he believes that more Nuxated Iron should be prescribed to meet the great problem of iron deficiency with its attendant symptoms of weakness, nervousness, lack of vitality, paleness, and generally rundown conditions.

WARNS AGAINST USE OF ORDINARY METALLIC IRON so commonly taken by most people.

of Dr. James' remarks. In reply, he said:

"I fully agree with Dr. James. People need more iron. There can be no strong, vigorous iron men and beautiful, healthy women without iron. Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of twenty, and as full of vigor, vim and vitality as a young man; in fact, a young man he really was notwithstanding his age. The secret, he said, was taking iron—Nuxated Iron had filled him with renewed life. At 30, he was in bad health; at 46 he was careworn and nearly all in—now at 50, after taking Nuxated Iron, a miracle of vitality and his face beaming with the buoyancy of youth."

Dr. A. J. Newman, late Police Surgeon of the City of Chicago and former House Surgeon, Jefferson Park Hospital, Chicago, in commenting on the value of Nuxated Iron, said: "This remedy has proven through my own test of it to excel any preparation I have ever used for creating red blood, building up the

nerves, strengthening the muscles and correcting digestive disorders. The manufacturers are to be congratulated in having given to the public a long-felt want, a true tonic supplying iron in an easily digested and assimilated form. A true health builder in every sense of the word."

Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York, was also asked what he thought of Nuxated Iron. In reply Dr. Jaques said:

"I have never before given out any medical information or advice for publication, as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

The next to be consulted was Dr. Ferdinand A. King, a New York Physician and Medical Author, who said:

"I heartily concur in all that Dr. James has said, only in some respects I would go further."

Dr. James forgot to mention how foods lose their iron value by improper methods of cooking. In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, macaroni, spaghetti, tapioca, sago, farina, degenerated corn meal, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods and silly methods of home cooking, by throwing down the waste-pipe the water in which our vegetables are cooked are responsible for another grave iron loss. Therefore, if you wish to preserve your youthful vim and vigor to a ripe age, you must supply the iron deficiency in your food by using some form of organic iron—Nuxated Iron—just as you would use salt when your food has not enough salt."

NOTE—Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine or secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black nor upset the stomach; on the contrary it is a most potent remedy in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 100 per cent or over in four weeks' time provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by H. P. Dunn and all good druggists.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scaling, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.
